AUGUST SPECIAL

Diamond Microdermabrasion/Peel

*Book one microderm appointment and receive **25%** off of any peel for the following month*

323.877.2595

PERFECT FOR THOSE WHO HAVE BEEN WANTING TO TRY THE POPULAR PEELS!

Diamond microdermabrasion reveals instant results with softer more radiant skin even after 1 treatment. It is a safe and highly effective form of exfoliation for all skin types, with no downtime and no pain. Diamond microdermabrasion uses a diamond-tipped applicator with suction, to abrade the top layer of the epidermis and remove dead or damaged skin cells. Skin will appear softer, smoother, brighter, clearer, fresher and younger. Diamond microdermabrasion helps reduce the appearance of fine lines, hyper-pigmentation, acne and acne scarring. For optimal results, it is recommended to receive 4-8 treatments on a weekly or bi-weekly basis followed by once a month maintenance, or add onto a chemical peel for a superior outcome. Each treatment includes calming aromatherapy, a relaxing double cleanse, hot towels, custom recovery masque application with steam therapy, neck and shoulder massage, facial accu-pressure, custom medical grade serum application, soothing hydration and sun protection, eye and lip treatment.
